

The Benefits of Healthcare Prefabrication Construction in Today's Market

July 31st, 2:00 - 3:00pm
Session #3
Panel Discussion

HermanMiller

Atrium Health

Moderator

Jeff Schroder

Assistant Vice President

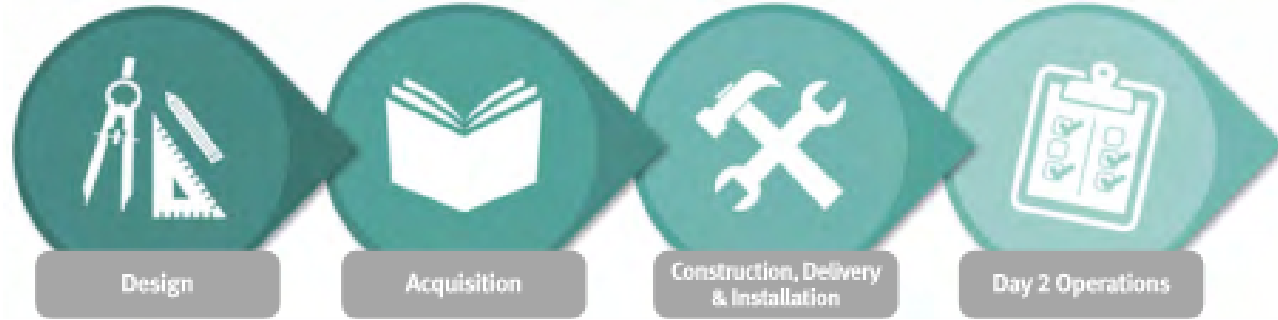

Planning, Design and Construction

Atrium Health

Jeff has been involved in all facets of the healthcare design and construction process for the last 16 years. He has overseen the design and construction of more than \$1 billion in projects, ranging from new builds to major renovations and specialty projects.

BENEFITS OF INTENDED PREFABRICATED/MANUFACTURED SOLUTION:

- Speed to Revenue
- Condensed Construction Schedule
- Time and Cost Savings During Every Stage of Design, Construction and Occupancy:

- Greater Quality and Consistency
- Reduced Noise/Air Pollution and Increased Safety Standards
- Just in Time Delivery (Lean Manufacturing)
- Reduced Site Congestion
- Sustainability (Reduced Project Waste)

Panel of Experts

Denton Wilson
VP, Planning, Design
& Construction

Teri Slick
Healthcare
Operations VP

Kent Hodson
President, CEO

Jason Dodd
Account Manager,
DIRTT Champion

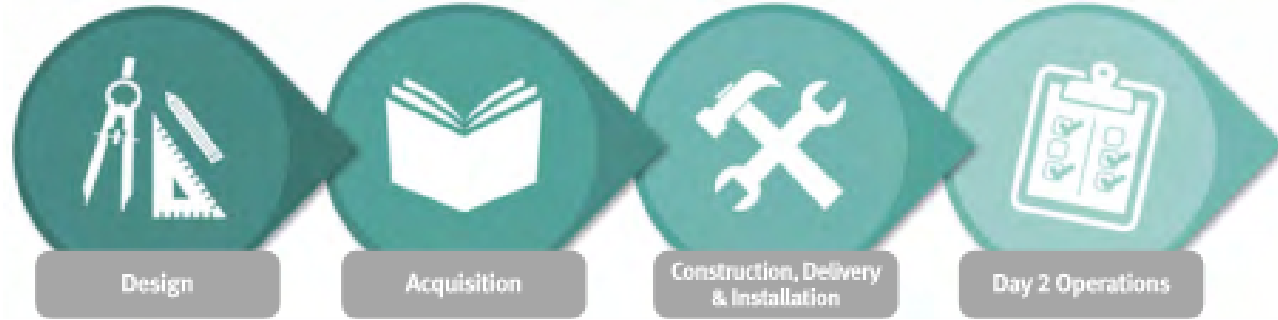

Julie Casper
Clinical Business
Development
Manager
